

AUTHORIZATION FOR THE RELEASE OF STUDENT RECORDS

Supreme Court decisions require schools to have written consent from a parent or legal guardian before they can release student records. In addition to records, we also require schools to indicate to WAAS if there are any past due or delinquent tuition amounts owed for the child listed below. The form provided below will authorize your child's school to provide us the requested records. Please complete the below, sign at the bottom, and send this to the student's school(s).

REGISTRAR: I do hereby authorize you to release the follow records to Wilmington Academy of Arts and Sciences for possible admission for the following school year:
